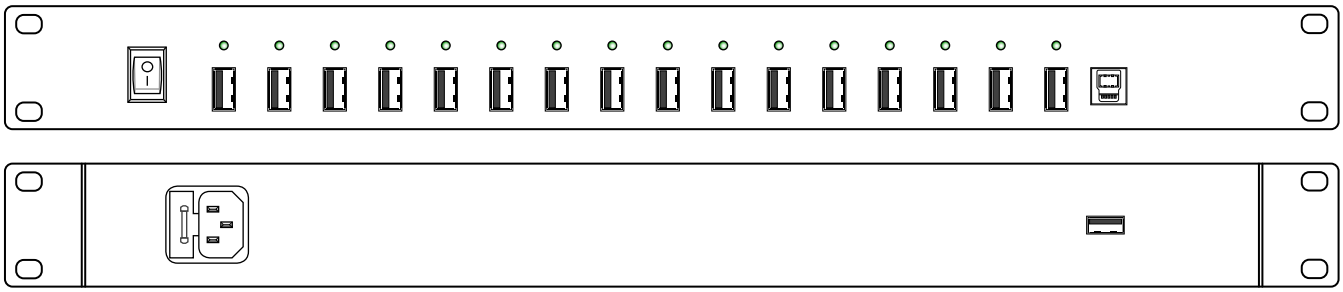
USB Hub 1916

- USB 3.0 Hub with charging station with mains switch
- 1 × USB 3.0 type B and 16 × USB 3.0 type A with status LED on the front side
- 1 × USB 2.0 type A on the rear side

Technical specifications

- Output power:
  16 × 5 V / 2.4 A, 192 W in total
- Voltage supply:
  230 V ~ 50 Hz
- Fuse:
  5 mm × 20 mm, 3.15 A, 250 V, fast blow
- Power consumption: 200 W (max.)
- Environmental conditions:
  Temperature: 0° C … 40° C
  Humidity: 20 % … 95 % rel. humidity, non condensing
- 16 status LEDs
- Dimensions (W × H × D):
  482.6 mm × 44.6 mm × 220 mm, 1 rack unit
- Weight: 3.52 kg



This device distributes the signals of a USB port to several ports and ensures additionally an active power supply. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts from the product. They could swallow the pieces and choke! Never let children play unattended with the electrical devices.

Within the device there are areas where high voltages may be present. Never remove any covers. There are no user serviceable parts inside the unit. Disconnect the power plug from the mains socket before connecting and disconnecting loads as well as prior to maintenance to turn the unit volt-free. Do not use the device when covers or safety equipment are missing or damaged.

Risk of overheating! Do not cover the device. Do not install the device near any direct heat source.

For the packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose these materials with your normal household waste, but make sure that they are fed to a recovery. Please follow the notes and markings on the packaging.

This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) in its currently valid version. Do not dispose with your normal household waste. Dispose this device through an approved waste disposal firm or through your local waste facility. When discarding the unit, comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
