FEATURES Flexi Wall

Flexi Wall is a Portable, modular acoustic treatment system which can transform your working space in a matter of minutes. Its flexible panels enable you to set up a customized studio just about anywhere. The panels can also be used to change the acoustic properties of a room, allowing it to serve a variety of purposes.

Flexi Wall is highly absorbent in all frequency ranges. Its design is based on Vicoustic's top selling Flexi Panels. This unique solution can be used in a range of environments such as recording rooms, vocal booths, video editing rooms, etc

APPLICATIONS Flexi Wall

Practice room, Broadcasting Rooms, Reggie, etc. Specific applications: Guitar Amplifiers and Bass Amplifiers, Drums, Removable Vocal Booth, Video editing, etc.
