

## Features

- Power distributor with 16-pin multi-pin in and output to 6 × EU safety sockets
- The box has an additional multi-pin output to include additional boxes in the distribution.

## Technical specifications

- |                       |   |
|-----------------------|---|
| ■ Voltage:            | 400 V ~ 16 A                                  |
| ■ Input current:      | 16-pin multi-pin                              |
| ■ Output current:     | 6 × EU safety sockets<br>1 × 16-pin multi-pin |
| ■ Dimensions (W/H/L): | 150 × 95 × 300 mm                             |
| ■ Weight:             | 2.28 kg                                       |

## Safety instructions

### Intended use

This device is meant to be used for the distribution of mains power to multiple loads. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

### Dangers for children

Ensure that plastic bags, packaging, etc. are disposed of properly and are not within reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts (e.g. knobs or the like) from the unit. They could swallow the pieces and choke! Never let children unattended use electrical devices.

### Operating conditions

This device has been designed for indoor use only. To prevent damage, never expose the device to any liquid or moisture. Avoid direct sunlight, heavy dirt, and strong vibrations.

### Dangerous voltages

General electrical maintenance of this product must only be carried out by electrical specialists. Failure to follow these safety precautions can result in electric shock, fire and/or death.

The unit must be earthed during use.

## Protecting the environment

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.

This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) in its currently valid version. Do not dispose of your old device with your normal household waste. Dispose of this product through an approved waste disposal firm or through your local waste facility. Comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
