

- ✓ Lightweight design with high wearing comfort
- ✓ Stitched leather headband for comfortable fit
- ✓ Manganese steel framework
- ✓ Resistant to deformation
- ✓ 40 mm neodyn drivers for optimum dynamic
- ✓ Earpads rotatable by 180°
- ✓ Single-sided cable duct

Connection	3.5 mm TRS jack • 1/4" adapter included
Construction	closed
Frequency range	18 - 20.000 Hz
Impedance	65 Ω
Sound pressure level	102 dB
Connection cable length	3 m

Intended use

This device is intended to be used to convert electric signals to acoustic signals near the ears. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Danger for children

Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts from the product. They could swallow the pieces and choke! Never let children use electrical devices unattended.

Possible hearing damage

The use of headphones or earphones at high volume and for an extended period of time may result in permanent hearing impairment. Set the volume of your audio device to a medium value and do not use the headphones or earphones for more than about an hour a day.

Danger to life by distraction

Using earphones or headphones may divert your attention from the environment. Ambient noise may not be audible. Do not use the device in road traffic or when operating machinery.

Disposal of the packaging material

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose these materials with your normal household waste, but make sure that they are fed to a recovery. Please follow the notes and markings on the packaging.

Disposal of your old device

This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) in its currently valid version. Do not dispose of your old device with your normal household waste. Dispose of this product through an approved waste disposal firm or through your local waste facility. Comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
