

User manual

This manual contains important information on the safe operation of the device. Read and follow the safety advice and instructions given. Retain the manual for future reference. If you pass the device on to others please include this manual.

Safety instructions
Intended use

This device is used for the wireless transmission of audio signals. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Danger for children

Ensure that plastic bags, packaging, etc. are disposed of properly and are not within reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts (e.g. knobs or the like) from the unit. They could swallow the pieces and choke! Never let unattended children use electrical devices.

Road hazards

The device must not be used when driving motor vehicles, riding bicycles or scooters or as pedestrian in traffic. Risk of accidents!

Where to use the product

Never use the product

- in direct sunlight
- in conditions of extreme temperature or humidity
- in extremely dusty or dirty areas
- at locations where the unit can become wet
- near magnetic fields

General handling

- To prevent damage, never use force when operating the switches and controls.
- Never immerse the appliance in water. Just wipe it with a clean dry cloth. Do not use liquid cleaners such as benzene, thinners or flammable cleaning agents.

Keep foreign substances from the unit!

Keep the device away from containers with liquids. Should any liquid get into the unit, this could lead to its destruction or fire. Be sure not to let any metal objects into the unit.

Features

- Wireless Bluetooth headphones
- Connected via a neck band
- Perfect for sports or everyday life
- Water and sweat proof according to IPx4
- Built-in microphone for headset function
- Remote control for volume, track forward / backward, play / pause / on / off / answer / hang up a call

- Built-in Li-ion battery: charging time 1.5 hours, playback time up to 6 hours
- Micro USB charging port
- Supports HSP, HFP, A2DP, AVRCP
- Neck band made of PU
- Scope of delivery: 30 cm micro USB cable, two pairs of earmolds (S, L [M is pre-assembled on earphones])

Using the device

1. Press and hold the MF button for 3 seconds to turn on the device.
2. To initiate the pairing of your mobile device, press and hold the MF button for 5 seconds until the LED display alternately lights up red and blue.
3. Start the Bluetooth function on your mobile device and look for Sport Buds in the list of available devices.
4. Accept incoming calls by pressing the MF button. Pressing it again ends the call. To reject an incoming call, press and hold the MF button for 2 seconds. To redial, press the MF button twice quickly.
5. To start or stop playing an audio file, press the MF button. To move to the next audio file, press and hold the + button. To go to the previous audio file, press and hold the - button.
6. To increase the volume, briefly press the + button repeatedly. To decrease the volume, briefly press the - button repeatedly.
7. If the device no longer functions reliably, the built-in battery is exhausted and must be charged. To do this, connect a suitable USB voltage source to the micro USB charging port for approx. 1.5 hours. The device is then ready for use again.

Technical data

| | |
|----------------------|----------------------------------|
| Driver diameter | 14 mm |
| System | in-ear |
| Sensitivity | 92 dB (0 dB = 1V/μ bar, @ 1 kHz) |
| Impedance | 16 Ω |
| Frequency response | 20 Hz – 20 kHz |
| Bluetooth version | 5.0 |
| Coverage | up to 10 m |
| Rechargeable battery | 3.7 V / 90 mAh |
| Colour | black |
| Weight | approx. 20 g |

For the transport and protective packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.

Remove lithium batteries before disposing of the device. Protect used lithium batteries against potential short circuits, e.g. by covering the poles with adhesive tape. Lithium batteries must not be thrown away with the normal household waste or

burned, but must be disposed of in accordance with local regulations on the disposal of hazardous waste. Use the existing collection points.

This product is subject to the European Waste Electrical and Electronic Equipment Directive (WEEE) in its currently valid version. Do not dispose of your old device with your normal household waste. Dispose of this product through an approved waste disposal firm or through your local waste facility. Comply with the rules and regulations that apply in your country. If in doubt, consult your local waste disposal facility.
