

The Apart CM608 2-way built-in loudspeaker is "the reference loudspeaker". It can be used with a standard HiFi amplifier and provides you with a Pro HiFi sound. The loudspeaker has an enforced 6 1/2" woofer and 1" tweeter. It makes the CM608 very suitable for the distribution of Back Ground Music.

The housing is made of high quality ABS. Because of the special enforced polypropylen woofer and the aluminium grille, this speaker can be used in humid environments. The loudspeaker is easy to install, due to its simple, quick mounting system (3 screws which are hidden behind the loudspeakergrill, which gives the loudspeaker a modern and striking design).

This speaker is standard available in white, black and silver. From 12 pieces on, the loudspeakers can be painted optionally in any other RAL colour (Ref; PAINT-CM).

White colour : CM608	RAL 9010
Black colour : CM608-BL	RAL 9011
Silver colour : CM608-SLV	RAL 9007

TECHNICAL SPECIFICATIONS

Type	2-way HiFi
Woofer	6.5" Enforced Polypropylen
Tweeter	1" silk dome
Impedance	8 Ohm
RMS Power 8 Ohm	
AES Rated	40 watt
Music - Program	60 watt
