This device is intended for use as stand for keyboard instruments. Any other use or use under other operating conditions is considered to be improper and may result in personal injury or property damage. No liability will be assumed for damages resulting from improper use.

Ensure that plastic bags, packaging, etc. are properly disposed of and are not in the reach of babies and young children. Choking hazard! Ensure that children do not detach any small parts (e.g. knobs or the like) from the product. They could swallow small parts and choke! Never let children play unattended with the product.

When the speaker stand is installed on soft or uneven ground, the stand may tip over and cause injuries and property damage. Install the stand only on even and solid surfaces.

In case of excessive loading, the stand might tip over, causing injury and property damage. Never exceed the specified maximum load for the stand.

When assembling the stand, pay attention not to squeeze your fingers/hands.

The plasticiser contained in the rubber feet of this product may possibly react with the coating of your parquet, linoleum, laminate or PVC floor and after some time cause permanent dark stains. In case of doubt, do not put the rubber feet directly on the floor, but use felt-pad floor protectors or a carpet.

For the packaging, environmentally friendly materials have been chosen that can be supplied to normal recycling. Ensure that plastic bags, packaging, etc. are properly disposed of. Do not just dispose of these materials with your normal household waste, but make sure that they are collected for recycling. Please follow the notes and markings on the packaging.
